More than 5 days per month
3 months 12 months

	5 days or less per month 3 months	12 months	More than 5 days per month 3 months	12 months
General Practice (procedural) This rate is for procedures not covered by the non-procedural GP subscription rate below and normally carried out under general/regional anaesthesia, including vasectomy or circumcision, termination of pregnancy, tonsillectomy, appendectomy.	(PRZ) \$2,430	(PRY) \$9,720	(PRX) \$5,345	(PRW) \$21,380
General Practice (non-procedural) Non Procedural GP (Consultative Office Procedures and Assisting). This rate is for GPs who perform routine, minor procedures, in their own rooms, under local (if any) anaesthesia (including finger and toe blocks), eg, injections, excisions, curette cautery, cryocautery, nasal cautery and IUD insertion. Emergency medicine in a private trauma unit, obstetric ultrasound procedures and circumcision are classified as procedural and included within the procedural GP subscription above.	(R3G) \$1,730	(RPG) \$6,920	(3GP) \$3,550	(GP) \$14,200

**The benefits of membership are only available to members paying the appropriate subscription.
Rates shown in Trinidad and Tobago Dollars**

Practice Nurse (PN)	\$1,360
Nurse Practitioner (NPT)	\$2,615
Other Medical Associates – Please contact MPS to confirm your eligibility for this grade (ASS)	\$2,615

Notes

The benefits of membership are only available to members paying the appropriate subscription.

- * The management of pregnancy after 24 weeks gestation. If a GP carries out any planned deliveries then the obstetric rate must be paid. A non-obstetric GP may look after a patient up to delivery, provided that the delivery takes place in a hospital under the care of an obstetrician or other suitably qualified person.
- ** Treatments or procedures which, in the opinion of the MPS Council, have as their primary purpose the alteration of the non-pathological external appearance of the patient.
