POST-GRADUATE DIPLOMA IN ADOLESCENT HEALTH & ADVOCACY

© The Horizons Tracker

This programme is designed to improve the capacity of healthcare and allied service providers in understanding and addressing the unique health concerns of adolescents.

It will provide a holistic approach to the needs of the adolescent in the Caribbean.

Students will gain the knowledge and skills to improve the delivery of adolescent care through modifications at system levels.

:: Delivered with face-to-face & online teaching ::

**Limited Space
Available !**

Who can apply ?

Physicians, nurses, counsellors, social service workers, educators, policy makers, legal officers and other persons working with or having a vested interest in the health and well-being of adolescents.
